

Ways and Means Meeting May 19, 2014, 6 p.m., City Hall

In attendance:

Jessica Ledger-Kalen, Daryn Hamilton, John Revolinski, Ed Malloy, Joy Messer, John from French-Reneker, Derick Wulkekuhle.

Discussion of proposed Service Agreement with French-Reneker to offer services of Melanie Carlson to manage city projects in lieu of City Administrator.

The Committee raised several issues with the agreement including its duration, scope, and which city budget fund would pay for it. French-Reneker is already providing most services defined in the agreement. The additional services will be to manage non-engineering aspects of city projects. After significant discussion the Committee voted to recommend the agreement to the Council.

The Committee also discussed the proposal to increase salary of four city employees in the absence of a City administrator to compensate them for the additional burden they will face. No action was taken and it was suggested to discuss the proposal with the full Council without offering a recommendation.
